Feet	Black dual-wheel, casters (suitable for carpeted floors)
Base	Nylon Reinforced Fiberglass Base
Weight Capacity	300 lbs
Warranty	Warranty: 5 year parts, lifetime on pneumatic lift, 5 year on upholstery

Chairs and Stools

A lab chair may seem like an innocuous piece of furniture but it is by far one of the most important items in your laboratory. Lab professionals will spend most of their time in a lab chair so it should be comfortable, safe, and tailored to your applications. Multiple manufacturers have created a plethora of different lab chairs and lab stools. Lab chairs are offered in polyurethane, fabric, vinyl, aluminum, steel, plywood, and plastic. Offered designs include stools with little or no back to ones with a full back. For help selecting the right chair or stool for your lab or facility, contact one of our Applications Specialists

Cole-Parmer® Ergonomic ESD Vinyl Chairs

Static control chairs that make a difference

- Electrostatic discharge materials to reduce static electricity
- ESD non-marring bell glides or rolling casters suitable for hard and carpeted floors
- The six-way adjustable arm rests fit all possible ergonomic seating configurations
- Adjustable arm rests move up and down, in and out, and twist toward or away from the user
- Highly durable molded polyurethane foam cushioning covered with static-dissipating, heavy-duty vinyl is easily cleaned
- Available in black or blue seat/back color, with or without arm rests, and chrome foot rings

Polyurethane chairs have a seat tilt of eight degrees forward and three degrees backward. The seat tilt locks into place. With a curved back and tilting, and an articulating seat, the chair offers excellent support and maximum comfort. The dissipative static control materials meet ANSI/ESD-STM-12.

Cleanroom Furniture

Cleanroom furniture is ideal for use in semiconductor, bioscience, pharmaceutical, and board manufacturing. A clean room chair should comply with ISO cleanliness standards and each one we carry has been tested by an independent testing laboratory to assure compliance. We have cleanroom chairs with vinyl or polyurethane seat materials and base materials of aluminum or plated tubular steel. Added are pneumatic height adjustment and 360° swivel for comfortable positioning.

Cole-Parmer® Polyurethane Cleanroom Ergonomic Chairs with Chrome Base

Ergonomic design to improve productivity

- Blue or black chairs are available with or without arm rests
- The six-way adjustable arm rests fit all possible ergonomic seating configurations
- Adjustable arm rests move up and down, in and out, and twist toward or away from user
- Rugged polyurethane is self-skinning, resistant of chemicals, punctures and soil
- Easily cleaned
- Chairs, some with foot rings come with chrome-hooded rolling, non-marring casters or black glides
-

Polyurethane chairs have a seat tilt of eight degrees forward and three degrees backward. The seat tilt locks into place. With a rugged curved back and tilting, and articulating seat, the chair offers excellent support and maximum comfort.
